A Consumer Controlled Democratic Economic System

In a Consumerocracy, the people will govern through social media while their individual purchases add up to create our national economy, each ultimately voting to decide which businesses and products become successful, and which do not. Project #36 A Transparent, Member Driven, Fundable, Democratic Sustainable EcoNomic System where the Power, Will, and Fate of the people is established and controlled by their united purchasing power.

Annuit Coeptis Non-Profit Consumerocracy Limited, is a Vermont 501c3 Non-Profit Internet Purchasing Platform that when funded will provide a system for members to make all their online purchases From '501c3 Free' to 3.14% over our Drop-Ship Quantity Whole-Sale cost, to level the playing field.
